

A low-angle, upward-looking photograph of several modern skyscrapers with glass facades, set against a bright blue sky with scattered white clouds. The perspective creates a sense of height and architectural grandeur.

**MTCO<sup>®</sup>**

# PROFILE

MOHAMMAD ABDULLAH AL SAYEGH COMPANY

**MTCO<sup>®</sup>**

*Partners in Progress,  
and Prosperity.*

## Building the Nation

**MTCO** was founded in 2005 in Riyadh, Kingdom of Saudi Arabia, by Mohammad Abdullah Al Sayegh who is one of the Saudi business leaders, as a specialised company in the waterworks contracting and construction field.

After establishing our credentials and credibility in the waterworks field, we continuously develop and strengthening our credo of premium quality and timely delivery to expand our operations.

Our future focus is directed towards infrastructure, land works and real estate development that boost national plans.

*Helping build Saudi success stories*

## Insightful vision

We work with the multi-pronged objectives of conserving natural resources, minimising waste, creating positive impact, and building prosperous communities.

**MTCO** is competent and qualified to participate actively in building and strengthening Saudi Arabia's high growth sectors. We are keen to support Inspirers and visionary leaders in the public and private sectors to bring different aspects of **Vision 2030** to fruition.

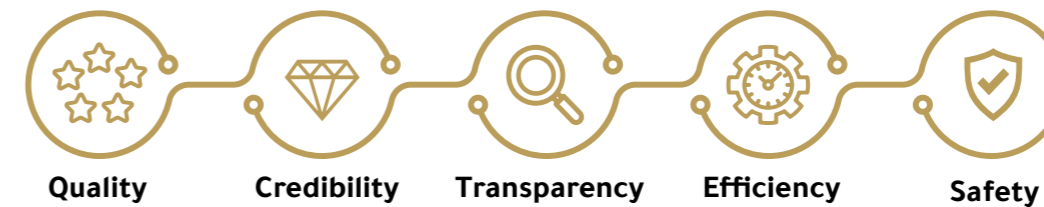

## Building A Sterling Legacy

**MTCO** started its operations with a clear vision and Authentic values instilled by founder **Mohammad Abdullah Al Sayegh**.

Now **MTCO** is owned and managed by a 2nd generation Al Sayegh scion, and walking in the distinguished footsteps of its founder.

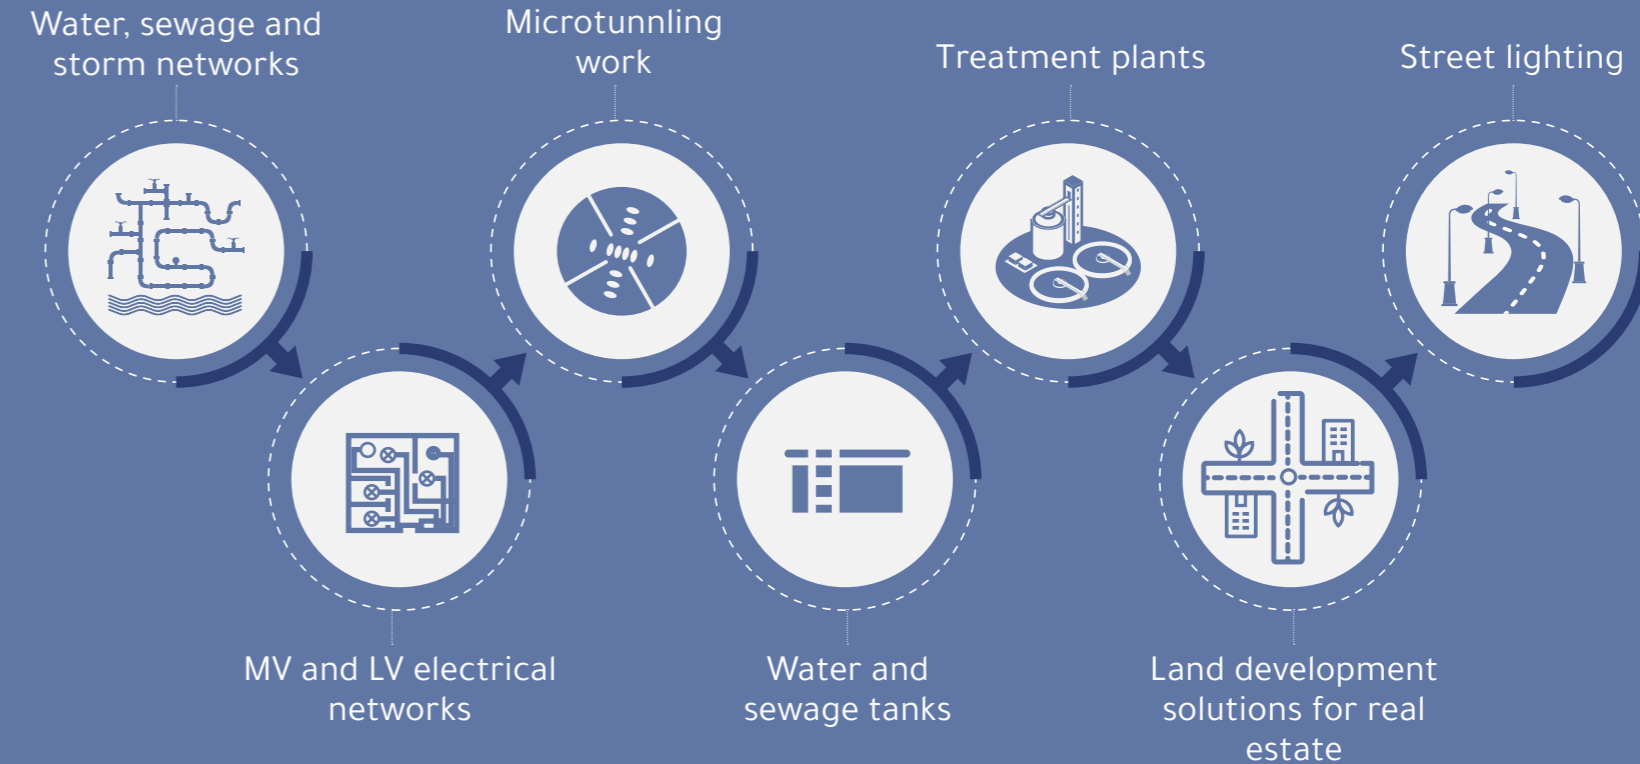

# Establishing Strong Foundations

When **MTCO** first established its roots, we provided services in the fields of water and wastewater management. Since then, we have expanded our operations to provide electricity and micro tunnelling services.

Starting our business with **passion** and **mettle**, we soon participated in and contributed to projects spanning the length and width of the nation.

Across all of our projects in the Kingdom of Saudi Arabia, we scaled up operations to suit specific market requirements.

*Now our portfolio now spans comprehensive services:*

## Ambit and Ambition

Our beginnings were visionary and our focus was steady, as opportunities unfolded, we tapped into them, first assured clients of our interest and soon demonstrating our impact in the Saudi Arabia market.

This quickly established us as both, **pioneers** and **partners**.

Over the years, we have grown our interests to see a change in our standing. In a relatively short period of time, we evolved from a specialised contractor in waterworks to success Partner and Pioneer of several major EPC works.

A wide-angle photograph of a water treatment plant at sunset. The sky is a mix of orange, yellow, and blue. In the foreground, there are several large, rectangular aeration tanks with dark, aerated water. A concrete walkway with a metal railing runs along the tanks. In the background, there are several large, white cylindrical storage tanks and other industrial structures. The overall scene is industrial and serene.

## Competence and Commitment

Clients and customers applaud our commitment and cooperation to build, manage, operate, or maintain projects:

- Water and sewage piping projects
- Water and sewage house connections
- Streetlight installations and cable connections
- Water and sewage treatment plants
- Water purification plants
- Storm drainage networks
- Micro-tunnelling and pipe jacking works
- Land Development

## Success Multiplied

During the last **16 years**, we have continued to build and focus on our strengths, and steadily expanded our business. As a result, we have a proven track record of success with mega projects of both, public and private sectors in Saudi Arabia.

Some of our contractual projects in operations and maintenance include major areas of building up national resources and infrastructure. In other instances, our **professionalism** and goal for **perfection** continue to win us repeat business from prestigious partners.

## Sound Standards

**MTCO** is managed and staffed by a motivated team of qualified professionals, with expertise and experience in their respective fields of construction and operations.

We believe in three values that are essential for our continued success: **Quality, Safety** and **Satisfaction**. These form an integral part of all our operations, services and projects

ISO certification

QMS standards

EHS policies and practice

'Zero harm. Zero accident'

Customer satisfaction surveys and reports

## Strengths in Summation

**+78**

Projects completed for public and private sector

**+500**

Qualified employees and workers

**+238**

Pieces of owned equipment and machinery

**+474 Million**

Cubic meters Drinking and wastewater treated

**+1.2 Billion SAR**

Revenues generated

## Reliable Partnerships

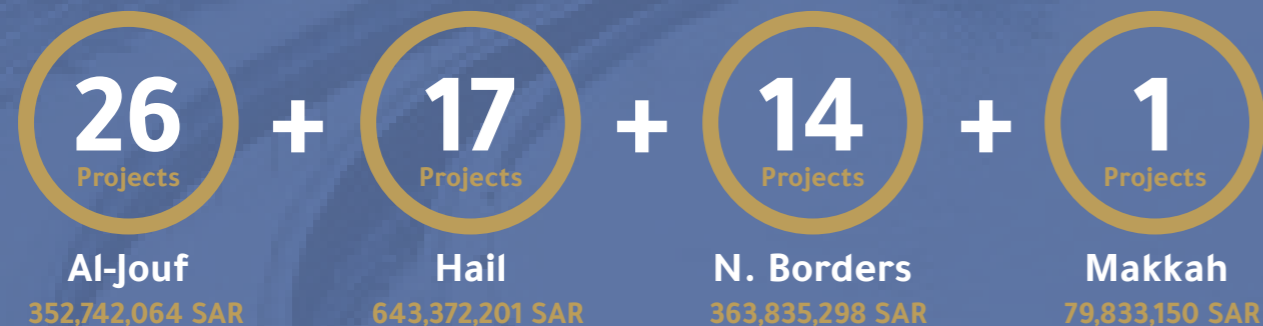

At **MTCO**, we have proven over and over again that we are eager, reliable and fully committed to the cause of building and nurturing Saudi Arabia.

We don't just provide **quality services**. We provide **ideal solutions**. We also ensure **customer satisfaction**.
